Please go to the following website to receive the most up-to-date provider listing:

<https://www.questbh.com/find-a-provider/>

Search results are not a guarantee of benefits or payment. If a particular provider is not listed under a practice, then that provider may not be in-network with Quest. To determine your eligibility and benefits, please contact Quest toll-free at 800-364-6352. Alternatively, you may call 717-851-1480 or 717-851-1486. Provider data is self-reported to Quest. Please report any inaccuracies in provider data to the Provider Relations department at provider@questbh.com <<mailto:provider@questbh.com>> or 800-364-6352.

PLEASE NOTE:

Preauthorization is REQUIRED for all Psychological Testing, and Autism Services. Contact Quest for preauthorization of these services or to authorize Inpatient, Partial Hospitalization, or Intensive Outpatient Services.

Emergency services do not require preauthorization. If you believe you or a dependent are having an emergent behavioral health situation, please go to your nearest Emergency Room or call your county crisis hotline. Emergency services fall under the federal No Surprises Act (NSA) effective January 1, 2022. For more information about your rights under the NSA Regulation, please visit our Information for Members page:

Glossary of terms

Acute Partial Hospitalization:

Acute partial hospitalization is a hospital-based program designed for the treatment of clients with acute psychiatric illness who require a more intensive treatment program.

Addiction:

The fact or condition of being addicted to a particular substance, thing, or activity
Advocacy: support for or for a specific cause or policy.

Art Therapy:

A form of psychotherapy involving the encouragement of free self-expression through painting, drawing, or modeling, used as a remedial activity or an aid to diagnosis.

Behavioral Health:

Behavioral health describes the connection between behaviors and the health and well-being of the body, mind and spirit. This would include how behaviors like eating habits, drinking or exercising impact physical or mental health.
Care Management: The managed care organizational function with the responsibility to authorize and coordinate the in-plan services.

Coaching:

A form of development in which an experienced person, called a coach, supports a learner or client in achieving a specific personal or professional goal by providing training and guidance.

Community Health:

The WHO defines community health as: environmental, social, and economic resources to sustain emotional and physical well-being among people in ways that advance their aspirations and satisfy their needs in their unique environment.
Consultant: a person who provides expert advice professionally.

Consultation:

The action or process of formally consulting or discussing; a meeting with an expert or professional, such as a medical doctor, in order to seek advice

Counseling:

The provision of assistance and guidance in resolving personal, social, or psychological problems and difficulties, especially by a professional.

Dual Diagnosis:

A diagnosis of an emotional disorder and another disorder such as drug and alcohol abuse, developmental disability, or a mental illness.

EAP Provider:

A provider who participates in the Employee Assistance Program (EAP).

Early Intervention:

A process of assessment and therapy provided to children, especially those younger than age 6, to facilitate normal cognitive and emotional development and to prevent developmental disability or delay

Evaluation:

The comprehensive gathering of biopsychosocial information through client interview, and possible discussion with family member and other service providers.

Family-Based Mental Health Services (FBMHS):

The Family-Based Mental Health Program provides short-term treatment services to children and adolescents and their families with mental health and/or substance abuse disorders.

Human Services:

Meeting human needs through interdisciplinary approach, using prevention, and remediation of issues. Working to improve access, accountability, and coordination of services.

Inpatient treatment:

Services provided in an acute hospital or non-ambulatory setting under the care of a physician for no less than 24 hrs.

Insurance Provider:

A provider who is in network with Quest Behavioral Health

Intensive Behavioral Health Services (IBHS):

The coordination of delivery of services to children and their families with individualized treatment plans.

Intensive Case Management (ICM):

ICM is a service for persons with a major mental illness and/or a significant substance abuse problem who experience frequent hospitalizations

Intensive Outpatient Treatment (SA IOP):

Intensive Outpatient Treatment is appropriate for persons with alcohol or drug problems who need assistance in beginning or maintaining recovery, but who do not require detoxification or hospitalization.

Marriage and Family Therapy:

A form of psychotherapy that addresses the behaviors of all family members and the way these behaviors affect not only individual family members, but also relationships between family members and the family unit.

Medical Assistance (MA):

The Commonwealth of Pennsylvania's term for Medicaid. (Includes some reimbursable services that are not federally required.)

Medicare:

A nationwide, federally financed health insurance program for people age 65 and older.

Mental Health:

A person's condition with regard to their psychological and emotional well-being.

MH/MR:

Abbreviation for mental health and mental retardation.

Pediatrics:

Pediatrics is the study, diagnosis, and treatment of medical conditions in children from birth to adolescence.

Play Therapy:

A form of counselling or psychotherapy in which play is used as a means of helping children express or communicate their feelings.

Prior Authorization:

An authorization from Medicaid or other insurance carriers for the delivery of services. It must be obtained before the service is provided for the benefits to be paid.

Psychology:

The study of the mind and behavior

Psychotherapy:

The treatment of mental disorder by psychological rather than medical means. Often referred to as talk therapy.

Psychiatric:

Pertaining to or within the purview of psychiatry, the medical specialty concerned with the prevention, diagnosis, and treatment of mental illness, often involving the prescription of psychiatric medications.

Psychiatry:

The study and treatment of mental illness, emotional disturbance, and abnormal behavior

Quality Management:

A formal set of activities to assure the quality of services provided. Quality management includes quality assessment and corrective actions taken to remedy any deficiencies identified.

Residential Treatment Facility (RTF):

A part of a comprehensive treatment program for children and adolescents with severe to moderate behavioral health care needs in a community-based residential setting.

Specialty Care:

Advanced medically necessary care and treatment of specific physical, mental or behavioral health conditions

Therapy:

The treatment of mental or psychological disorders by psychological means

Trauma:

Response to a deeply distressing or disturbing event that overwhelms an individual's ability to cope, causes feelings of helplessness, diminishes their sense of self and their ability to feel a full range of emotions and experiences.

Recovery:

A return to a normal state of health, mind, or strength.

Glossary of terms

Utilization:

The extent to which members of a covered group use a program or obtain a particular service or category of procedures over a set period.

Utilization Management (UM):

The process of evaluating the necessity, appropriateness, and efficiency of health care services against established guidelines and criteria.

Utilization Review:

Is a mechanism used to ensure that a member receives the appropriate level of care, that medical necessity is demonstrated, and that the level of care is the least restrictive.

Wellness:

The state of being in good health.
